```
graph TD; A([Main Menu A.0 381]) --> B{MESSAGE (X-MASLIST) CARD?}; B -- Y --> C([Main Menu D. 451]); B -- N --> D([Main Menu B.0 450]);
```

The flowchart starts with a circle labeled "Main Menu A.0" with the number "381" next to it. A line connects this circle to a diamond-shaped decision box labeled "MESSAGE (X-MASLIST) CARD?". From the diamond, two paths emerge: one labeled "Y" leading to a circle labeled "Main Menu D." with the number "451" next to it, and another labeled "N" leading to a circle labeled "Main Menu B.0" with the number "450" next to it.
